

# Science on the Sound

Highline Community College's  
Marine Science and Technology (MaST) Center Presents –

## Formation of Puget Sound

*Please join us to hear....*

### Eric Baer

Highline Community College  
Geology Instructor

**Saturday, April 4**  
**12:00 – 12:45**

**Highline Community College**  
**MaST Center**

Located near the Redondo Beach Park  
<http://www.highline.edu/mast>

**H**ow was the great body of water we call the Puget Sound formed? What is altering it today? Come find out the geologic history of this great body of water from time when it was the edge of the continent, to the cutting of the great glacial troughs to its continuing warping by faults and expansion by erosion.
