

أهلا وسهلا

Learn Arabic

For a taste of both Arabic language and culture, students are encouraged to register for Arabic Classes throughout the school year.

This elementary level class is suitable for students with little or no knowledge of Arabic.

At Highline Community College we teach Modern Standard Arabic – the language of education, the media, and modern literature in the Arab world.

Arabic is one of the Semitic languages such Aramaic and Hebrew and is one of the official languages of the United Nations.
