### Japanese program at Highline Community College

The program aims at proficiency-based foreign language learning with emphasis on building a solid foundation in the basic skills: speaking, listening, writing and reading. Cultural background is introduced throughout the course to give a realistic insight into the modern day Japan.

### Elementary Japanese I, II, II

Three quarter sequence starting in the fall quarter. This program is for first time learners of Japanese with emphasis on building a solid foundation. The main focus will be on speaking and listening with many communicative activities. Students will be able to write and read *hiragana*, *katakana* and ninety essential *kanji* by the end of the year.

### Japanese

The official language of Japan. One of the unique languages in the world, but with some similarities to Korean, Malayo-Polynesian, Mongolian, and Indian (Tamil) languages. The written language system is derived from the Chinese language starting in the late 5th century.
