It can take up to 6 weeks to have a transcript from another school evaluated. Please submit your transcripts as soon as possible; it need not accompany your application.

Statement of Understanding

To the best of my knowledge all statements made and documentation submitted related to this application are true and complete. I meet all the eligibility requirements outlined in this application. I have provided all relevant transcripts. I understand that acceptance to HCC does not guarantee acceptance into the nursing program. I have familiarized myself with the nursing program requirements, timeline and schedule. I am aware that I will need to take 2 elective credits (non-nursing) prior to graduation. I understand that a background check is required of accepted applicants and that clinical agencies have the right to refuse placement. I am aware that successful program completion leads to eligibility for taking the licensure exam, not licensure. I know that this document is not a contract and that college regulations or program requirements can change during the application cycle.
